accredited training partners in India

## NSE Certified Capital Markets Professional (NCCMP)

### NSE

The National Stock Exchange is India's leading capital market representing more than 85% of the market liquidity in India.

A critical element of ongoing financial sector reform is the development of a pool of human resources having right skills and expertise in each segment of the industry to provide quality intermediation to market participants.

The NSE finds it necessary to ensure quality and competence in professionals working in the Indian capital market. In line with accepted international practice personnel working for market intermediaries need to be adequately certified.

Such testing and certification has assumed significance in India as there is no formal education or training on financial markets, especially in the area of operations; at the same time the market has undergone a complete transformation in the recent years.

The NSE has specially designed the Capital Markets Professional Program as a blend of classroom and hands-on experience at an NSE broker's office.

**Stratadigm is the official training partner of the NSE for delivering this program. Certificates are jointly conferred by NSE and Stratadigm on successful candidates.**

**As the holder of a certificate conferred by India's leading stock exchange** you are immediately identified as professionally trained for work in trading and operations of a brokerage. Your conceptual strength and hands-on familiarity will allow you to establish yourself quickly as a key person, paving the way for your growth in the organization.

## About the programme

### Coverage

The course covers the areas of fundamental and technical analysis of equities, futures and options concepts and the market operations in these areas.

- Further details are alongside.

### Program Delivery

80 hours of conceptual study is complemented with 20 hours of hands-on experience at a brokerage organized through NSE.

All concept studies are by an exciting blend of cases, role plays, problem solving and quizzes.

### Resource Center

The program is supported by a special subject-matter Resource Center which the participant can access online for the duration of the program till the date of the certification exam.

A Stratadigm certified candidate has lifelong access to the resource center to update his / her professional knowledge on an ongoing basis.

Cafe Stratadigm, a monthly newsletter allows participants to retain the perspective and industry awareness acquired through the program.

### Participants get

- A course handbook which covers the subject matter comprehensively
- Resource Centre access
- Course notebook

### Tutors

Stratadigm tutors are experienced professionals (domestic and overseas) with subject matter expertise. They are rigorously oriented to Stratadigm's proven methodology of course delivery designed for learning effectiveness.

### Logistics

Programs are conducted at your work location or at a suitable location organized by Stratadigm. The timings are worked out to the requirements of working professionals who need to balance work considerations and personal commitments.

Alternatively, for those at distributed locations our Virtual Classroom overcomes the logistics issues easily.

### Your Commitment

Participants must commit to attending more than 80% of the sessions and complete all assignments rigorously and on time. This is necessary to derive complete benefits of the program of study and to achieve the standard necessary for eventual certification.

### Examination Procedure

Examinations will be conducted at Stratadigm or NSE offices and will be of 2 hours duration comprising 100 questions.

### Fee

Consolidated fee of Rs. 15,000/- + Service Tax (currently @ 10.3%) per participant is payable for the course and examination.
